Additional Payoff Information

How and when will the title be received?

The payoff will post to your BMW Financial Services account one to two business days after it is received by BMW Financial Services NA, LLC. Currently the title or lien for this vehicle is being held electronically. Once the account is paid in full, we will begin the process for the electronic release of your title or lien. Processing turnaround time varies by state. If you choose to pay off the account using non-certified funds, such as a personal check, the processing time may be delayed by up to 15 business days.

How should I write the check?

Make funds payable to BMW Financial Services NA, LLC. BMW Financial Services NA, LLC has assigned the right to sell this vehicle for which a payoff quote has been requested to BMW Financial Services NA, LLC.

Please write the account number on the face of the check. Please avoid placing restrictive endorsements or language such as "paid in full" on the payoff check, as this may result in funds being returned.

The US Bank payoff process utilizes the payoff check and BMW Financial Services' payoff instruction document. Any additional documents, such as prepaid labels or additional instructions, will be immediately discarded.
